Special Exception for Co-location on Existing Non-Tower Structures within the Residential District.

For requests for a **Special Exception** to allow for co-location on existing non-tower structures within the Residential District where it can be shown that the following criteria are satisfied according to Section 2.02.1 (B) (4) of the Zoning Ordinance:

1. The applicant shall meet the approval criteria set forth in a-e of Section 2.02.1 (B) (1):

- a) The specific site is an appropriate location for such a use or uses in terms of overall community development because:

- b) The use as developed will not adversely affect the neighborhood and shall produce no diminution of real estate values in the neighboring area because:

- c) There will be no nuisance or serious hazard to vehicles or pedestrians because:

- d) That an adequate parking area is provided for motor vehicles on the premises because:

- e) A buffer shall be erected and maintained to screen existing residential uses. Buffers may be fence screens, dense plantings of suitable trees and shrubbery, or naturally occurring shrubs and trees. A buffer is provided by:

2. The applicant meets the criteria set forth in Section 2.02.4 (B) (21) (c) of the Zoning Ordinance:

- a) Installing an antenna(s) on an existing structure other than a tower, such as a building, water tank, light fixture, or utility pole, is permitted, without Planning Board review, so long as the additional antenna(s) is no more than 20 feet higher than the existing structure and the color of the antenna(s) blends with the existing structure or surroundings. This criterion is addressed by:

- b) Accessory facilities must satisfy the minimum zoning district setback requirements of Section 3.02 of the Zoning Ordinance.

-
-
- c) The antenna(s) and supporting electrical and mechanical equipment shall be a neutral color that is the same as the color as the supporting structure so as to make the antenna(s) and related equipment as visually unobtrusive as possible.
-
-
-

- d) All utility buildings and structures accessory to the antenna(s) shall be screened from view by suitable vegetation from any adjacent residentially zoned property or public roads.

ABUTTER NOTIFICATION

Please be advised that, per RSA 676:7 (I), the Zoning Board of Adjustment is required to notify the following parties by certified mail - mailed at least five (5) days prior to the date of the meeting at which an item is to be discussed:

- 1) Applicant;
- 2) Abutters*;
- 3) Holders of conservation, preservation, or agricultural preservation restrictions;
- 4) Every engineer, architect, land surveyor or soil scientist whose professional seal appears on the plan (if applicable).

***Abutters are required to be "as indicated in the town assessing records not more than 5 days before the day of filing", per RSA 676:4 (I)(b) (Please complete the certification below).**

Definition of "Abutter" (RSA 672:3): Any person whose property is located in New Hampshire and **adjoins** or is **directly across the street or stream** from the land under consideration by the local land use board. In the case of an abutting property being under a **condominium** or other collective form of ownership, the term "abutter" means the officers of the collective or association, as defined in RSA 356-B:3, XXIII. In the case of an abutting property being under a **manufactured housing park** form of ownership as defined in RSA 205-A:1, II, the term "abutter" includes the manufactured housing park owner and the tenants who own manufactured housing which adjoins or is directly across the street or stream from the land under consideration by the local land use board.

In order for us to properly comply with the statutory requirements for Zoning Board of Adjustment notices, the Applicant needs to provide us with information for all of the above-mentioned parties, and provide payment for us to cover the costs of notice. Failure to do so will constitute sufficient reason for the application to be denied as "Incomplete".

A sample format for compiling/submitting this information is on the reverse.
